ELECTRICAL REVIEW.

The ELECTRICAL REVIEW, an illustrated weekly journal, published at 13 Park Row, New York City, is the acknowledged leader in the world of electrical science. It embraces all that is of value and of interest to the worker and student in this field, and is the medium through which is obtained the most comprehensive and latest information concerning all electrical matters. Edited with care, its editorial opinion is reliable, and its news columns bright and instructive. In typographical beauty the paper is second to none. The subscription price is $3 per year; single copy, 10 cents.

Best Advertising Medium in the Electrical Field.
